- Illustrator
- Indesign
- Figma
- Adobe XD
- Premiere Pro

MANAGEMENT

- Github
- Slack
- Tello

LANGUAGES

- **English** (fluent)
- **French** (fluent)
- **Dutch** (proficient)
- **Romanian** (native)

EXPERIENCE

© CAPRA NV - HALEN, BE

PRODUCTION WORKER | 06.2017 - 11.2017

- Learned to work in a well established environment.
- Respected deadlines to ensure factory productivity.
- Became a key worker while in a big team.

EDUCATION

© TKO LEUVEN - BE

WEB DESIGN / HIGH SCHOOL | 2017 - 2019

- Designed dynamic and browser compatible pages using HTML5, CSS3, jQuery, and Javascript.
- Ensured responsiveness by adopting a "mobile first" mentality and using media queries.
- Created wireframes and mockups before coding to visualize and help develop the final product.
- Designed modern user interfaces, banners, logos and typography.
- Had the chance to use my skills for the end projects where our goal was to find a real client and design/code a website for him (he was happy with the result).

WEB DEVELOPMENT | 02.2020 - 09.2020

- Built single page applications (SPA), responsive web design, UI using Javascript frameworks (React.js) and CSS extension languages (SASS).
- Delivered engaging user experience through optimization of images, code, and cross-browser compatibility.
- Ensured efficient web development in a team of four
- (our objective was to code a MERN application, so we decided to create a "Portfolio CMS").
- Used Node.js as a runtime environment and Express.js as its framework to create, and maintain servers/ MongoDB to store data.
- Produced stunning visual and responsive web applications by using Bootstrap elements and enhancing them with custom CSS.
