## CHARACTERISTICS

### Creative

I love thinking outside the box, always looking for a new perspective in my work.

### Motivated

Always keen on seeing the finished result of a project that I've been working hard on.

### Confident

I believe in my powers of achieving something when I put my mind on it. Challenges bring me closer to reaching my potential.

### Idealistic

I always look for perfection in my work process, finding ways to improve on it every day while paying close attention to the details.
